

SunCarport®

The power plant at your doorstep

Make a sound investment

The SunCarport® provides more opportunity than just your roof to get clean energy from the sun.

With the exceptional yield of SolarWorld Sunmodules, the SunCarport® can pay for itself in a few years.

Be ready for the future

If you drive an electric or hybrid vehicle, the SunCarport® can not only protect it from the weather, but also keeps it charged and ready to go. Future-minded technology, SolarWorld's SunCarport® reduces your environmental impact and helps secure your energy supply.

SunCarport®

Performance
in a package

The SunCarport® package contains:

- › SMA-inverter SB2100 TL
- › 9 or 10 SW 230 Sunmodules
depending on SunCarport® orientation.

Demand maximum quality

Producers of maximum quality can give maximum guarantees. SolarWorld is the world's first solar company to offer a linear 25-year performance guarantee for all modules installed as of January 1, 2010 and offers a 5 year extended product warranty.*

Worldwide, customers trust in SolarWorld. Customers opting for SolarWorld are supplied with top-of-the-line products from a manufacturer who applies a uniform quality system at all production sites.

Photovoltaic systems by SolarWorld – First class performance.

- › **German technology** 

With SolarWorld, you've chosen premium products that meet German quality standards. SolarWorld AG's main production site is located in Freiberg/Saxony and employs 1,500 people.
- › **25-year linear performance guarantee and 5 year product warranty***

Sustainably high-performing products ensure stable output over the long term.
- › **Prize winning products**

An endurance test performed by the trade magazine, Photon ranked modules from SolarWorld in first place, in 2008 and 2009.
- › **Specialised expertise from local installers.**

SolarWorld factory-trained installers have extensive knowledge and experience configuring and mounting our products and provide excellent service and sound advice.
- › **Many years of experience**

SolarWorld AG is a world leader in solar with over 30 years of manufacturing experience.
- › **Sustainable company strategy**

SolarWorld has been awarded the sustainability prize for "Germany's most sustainable production". Moreover, SolarWorld was awarded a prize in the category "Most sustainable brand".
